

ALTEYA

Yacht Type: **Motor**

Length: **21m** • Year Built: **2022** • Cabins: **4** • Guest Capacity: **8**

Description

Alteya is a Sunreef Power 70 catamaran of exceptional volume and versatility, her vast main deck saloon flowing seamlessly into the aft cockpit to create a generous, semi-open space for dining and relaxation. A skylight, panoramic glazing, and wide sliding doors bathe the fully customisable interior in natural light, while the spacious hulls offer endless possibilities for a bespoke layout tailored to every charter group.

Forward, a large bow terrace with freestanding furniture and a sheltered lounge offers a beautifully private retreat from sun and wind alike. The aft cockpit brings guests close to the water for alfresco dining and effortless access to water toys and personal watercraft, while the flybridge elevates the experience further still — a bar, dining area, and oversized sun pads delivering comfort on a generous scale.

An innovative aft garage and hydraulic platform ensure the tender is always ready to launch at a moment's notice.
