

ASLEC 4

Yacht Type: **Motor**

Length: **48m** • Year Built: **2012** • Cabins: **5** • Guest Capacity: **10**

Description

Aslec 4 is a 48-metre Rossinavi semi-displacement motor yacht of immediate and commanding presence — her distinctive straight bow and expansive outdoor spaces setting her apart from the moment she comes into view. A steel hull and marine light alloy superstructure underpin a vessel engineered for both performance and endurance, with twin Caterpillar engines of 1,300hp each delivering a top speed of 16 knots and a cruising speed of 15 knots.

Her exterior lines bear the signature of Studio Spadolini, while her interiors are the work of French designer Rémi Tessier — a meticulous, detail-driven vision in which carbon fibre, precious black chrome, and gold leaf covering much of the ceilings and walls combine to create an atmosphere of extraordinary, contemporary opulence. It is a space that rewards close attention.

Ten guests are accommodated across five luxury cabins, attended by a crew of nine. Throughout the yacht, a state-of-the-art audio-visual system integrates Kaleidescape on-demand entertainment, Lutron home automation, and Apple AirPlay for seamless audio control — technology of the highest order, made entirely effortless.

Amenities & Entertainment

Available Toys

- Jet Ski
- Water ski
- Seabobs
- Wakeboard
- Kayaks
- Inflatable jellyfish protection pool
- Inflatable aquatic foilboards
- Snorkeling equipment

Available Amenities

- Stabilizers
