

BIG SKY

Yacht Type: **Motor** • Architect: **OCEANFAST**

Length: 48m • Year Built: **2010** • Cabins: **5** • Guest Capacity: **11**

Description

Designed and built in Australia by renowned yacht builder Oceanfast, Big Sky has returned home for the first time to offer an unrivalled charter experience aboard one of the Southern Hemisphere's most extraordinary yachts.

Her exterior has been crafted with the Australian al-fresco lifestyle at its heart. The sun deck dazzles with a jacuzzi seamlessly integrated into a sweeping sunbed bar and u-shaped lounge, while the upper deck aft hosts sheltered dining for eleven. The main deck offers a more intimate setting, and dual staircases lead guests down to the swim platform — where the real adventure begins.

Inside, a refined neutral palette creates an atmosphere of effortless elegance throughout. The full-beam master suite is a true sanctuary, framed by large windows, anchored by a spacious king-size bed, and indulged by a deep soaking bath. Three VIP queen cabins and a triple cabin with a double bed and Pullman bunk accommodate eleven guests in total, each with their own private en-suite.

Big Sky carries one of the widest selections of water toys found on any charter yacht worldwide, and sits at the heart of the Great Barrier Reef — perfectly positioned for exploring Australia's most spectacular coastline and marine life.
