

JUST ENOUGH

Yacht Type: **Motor** • Architect: **Ares Marine**

Length: **43m** • Year Built: **2012** • Cabins: **5** • Guest Capacity: **11**

Description

Just Enough is a 42.98-metre Ares Marine motor superyacht built in 2012 and comprehensively refit in 2024 — a vessel maintained to an exceptional standard throughout her life, with extensive mechanical and systems overhauls ensuring she performs as impeccably as she presents.

Eleven guests are accommodated across five en-suite cabins — a king-size master, three queen doubles, and a twin cabin with Pullman berth — attended by a crew of nine whose experience and dedication are evident in every detail of the charter experience.

Cruising at 12 knots with a top speed of 18 knots, Just Enough is a yacht that knows exactly what she is — thoroughly considered, meticulously maintained, and ready to deliver.
