

LA PELLEGRINA

Yacht Type: **Motor**

Length: **50m** • Year Built: **2012** • Cabins: **6** • Guest Capacity: **12**

Description

La Pellegrina 1 is a 164-foot Couach motor yacht of exceptional distinction — delivered in 2012 as the flagship of her series and extensively refit in 2024 to ensure she remains at the very pinnacle of contemporary yachting. Her striking design and meticulous craftsmanship announce a vessel that takes both beauty and performance seriously.

The open-plan main saloon is bathed in natural light through full-height panoramic windows, elegantly furnished with generous seating and a refined dining area separated by a sleek island credenza. On the main deck, a distinguished VIP suite offers guests a sweeping 180-degree panoramic outlook, while the full-beam master suite on the upper deck opens onto a private aft deck with a U-shaped lounge — a serene retreat for private relaxation or intimate entertaining.

Twelve guests are accommodated across six luxurious cabins — the four lower deck guest suites comprising three queens and a twin, each designed for genuine rest and refinement.

Outside, three decks of thoughtfully conceived exterior space unfold: a sundeck appointed with sunbeds, a spa jacuzzi, a central round dining table, and a wet bar for effortless alfresco entertaining. At the stern, a generous swim platform invites guests directly to the water's edge.
