

OKTO

Yacht Type: **Motor**

Length: **66.4m** • Year Built: **2014** • Cabins: **6** • Guest Capacity: **12**

Description

Okto is a 218-foot superyacht of rare distinction — a masterpiece of maritime engineering where cutting-edge technology and timeless elegance coexist in perfect accord. Exceptional noise and vibration insulation, economical fuel consumption, and a top speed of 18 knots speak to a vessel engineered as thoughtfully as she is designed.

At her heart lies a spectacular 20-foot infinity-edged contraflow swimming pool, ringed by sun loungers that evoke a private beach club unlike any other. Retractable floor-to-ceiling glass doors dissolve the boundary between pool and main salon, where a circular dining table for twelve is framed by superb panoramic views. A private elevator connects four decks with effortless ease, from the lower guest quarters to the bridge deck above. And when the day's adventures draw to a close, a circular cinema room on the upper deck transforms the high seas into the most intimate of silver-screen retreats.
