Description

The Majesty 120 is a 37-metre superyacht of striking presence and purposeful design — aggressive lines, a commanding profile, and the signature Majesty Yachts hull windows announcing her arrival long before she reaches the dock. Extensive glazing and low bulwarks with ornamental glass railings create an effortless connection between interior and ocean, flooding every space with light and panoramic views.

Her outdoor entertainment areas are among the most generous of any yacht in her class — some 30% larger than her nearest rivals — and are anchored by a sun deck jacuzzi that invites long, unhurried afternoons above the waterline. A cleverly conceived beach club doubles as a tender garage, while a multipurpose swim-platform ladder ensures safe and easy boarding at anchor or alongside.

Built with a strong focus on luxury, performance, and comfort, the Majesty 120 is a superyacht that delivers on every front — and then some.
