

SAMELI

Yacht Type: **Motor**

Length: **23m** • Year Built: **2016** • Cabins: **5** • Guest Capacity: **11**

Description

Sameli is a 23-metre flybridge catamaran built to perfection by Balance/Two Oceans Marine — one of the rarest and most compelling yachts in her category, engineered to deliver both exhilarating performance and genuine luxury in equal measure.

Born to sail fast and made to indulge, Sameli effortlessly reaches 12–15 knots under sail and has achieved a remarkable 25 knots — outpacing virtually every yacht of her build and class. Yet speed is only half the story. Her minimalist interior design creates a serene, unhurried atmosphere throughout the stylish open-plan saloon, where natural wood tones and generous windows bathe the space in warm, natural light. Sea-level panoramic windows forge an intimate connection with the water that is entirely unique to Sameli.

Five beautifully appointed cabins accommodate up to ten guests in all-in luxury — a yacht that arrives at every destination swiftly, and leaves every guest thoroughly reluctant to disembark.

Inclusion Zones

Greece
